ARMISTICE SIGNED AT HIGH NOON TODAY

The War Now is Really Over—
Soldiers are Overjoyed.

The Emperor of Japan Approves
Peace Terms—Russian Officers
Disappointed.

WANTED TO KEEP FIGHTING.

ARMISTICE AGREED ON.
Portsmouth, N. H., Sept. 1.—A proclamation armistice, going into effect immediately, was signed at high noon by the envoys at the hotel without formality at a special meeting at the navy yards. It was cabled at once to Gen. Linevitch and Marshall Oyama.

Troops Were Happy.
St. Petersburg, Sept. 1.—Dispatches from the army in Manchuria just received say that the news of peace was received by the troops with great enthusiasm and the soldiers manifested their joy by kissing each other and at once began a joyous celebration. The officers openly express displeasure at the closing of hostilities and declare the army is prepared to win a series of brilliant victories.

Emperor of Japan Agrees.
Portsmouth, Sept. 1.—Formal announcement was made today that a message has been received from the Emperor of Japan giving his consent and approval to the peace terms and agreeing to an armistice.

Plan Big Demonstration.
Washington, Sept. 1.—A movement is on foot to give expression to the country's appreciation of President Roosevelt's peace achievement, by greeting him in a demonstration on his return to the capitol the last of the month. It is proposed to have a great outpouring of citizens on Pennsylvania avenue, and have the city decorated and agreeable to the president an escort of military and civic bodies.

The President Will Not Attend.
Oyster Bay, Sept. 1.—President Roosevelt has declined an invitation to attend a banquet at Portsmouth. Word reached here that a committee was coming to present an invitation and Secretary Loeb wired that it would be useless, as the president will not leave Oyster Bay until he returns to Washington Sept. 30.

Treaty to Be Signed Tuesday.
Portsmouth, Sept. 1.—While there may be some unlooked for delay over the phraseology the present expectation is that the peace treaty between Russia and Japan will be signed Tuesday. There is at present a slight disagreement over articles relating to the island of Saghalion, but it is thought a complete understanding will soon be reached. With this exception the first rough draft of the treaty is practically finished.

NEGRO LYNCHED.

The Usual Punishment Meted Out
For the Usual Crime.

Memphis, Sept. 1.—A negro named Beesly was lynched at Rosetta, Miss., last night for an attempted assault on the seven-year-old daughter of a prominent planter near Rosetta.

Fly Wheel Kills Seven Men.
McKeesport, Pa., Sept. 1.—A fly wheel in the National Tube works burst this afternoon and seven men were killed and ten injured.

MINOR MISHAPS.

Several Reported to the Illinois Central This Morning.

Yesterday was a day of minor accidents in the local I. C. shops. George Seltz, a machinist, was injured by a driving rod falling on his foot. He will be disabled some time, one toe being mashed nearly off.

W. L. Cavitt, a car repairer, was struck in the head by a chisel and a deep gash inflicted.

Ed. Byers, colored, a brakeman, was assisting in pulling down a water tank spout, at Cumberland river, when the spout suddenly lowered and struck him in the head, inflicting a severe wound.

LOUISVILLE PLAYERS

SEVEN OF THEM HURT IN KANSAS CITY COLLISION.

Wagonette Was Hit by Trolley Car—
Players Disabled For Several Days.

Kansas City, Sept. 1.—Seven members of the Louisville baseball club were injured in a collision yesterday between a trolley car and a wagonette in which the club was being taken from the ball park to the hotel. The injured:

Ed. Kenna, pitcher; bones of left arm fractured and dislocated, concussion of brain, bones of right hand fractured, nose broken knee and eye injured. Condition serious.

Fred Clay, center fielder.
Larry Quinlan, shortstop.
Suter Sullivan, captain and third baseman.

Nathan Wilbur, secretary of the club.
Billy Hallman, right fielder.
Pitcher Stecher.

With the exception of Kenna none of the victims is seriously hurt.

The wagonette had reached Eleventh and Olive streets, one block from the ball grounds, when the accident occurred.

The club left for Toledo on a late train, where it was scheduled to play today, but the train will not reach Toledo in time for the game. Secretary Wilbur stated that none of the injured players would be able to play for several days and that ball players would have to be secured for the games to be played during next week.

NEW FIRM

Begins Business at Cairo—Former Paducahans In It.

Cairo, Ill., Sept. 1.—The new wholesale grocery concern, the Scudders-Gale Wearen Co., began business today. This company is a consolidation of two very prominent concerns—the Scudders-Gale Co., of St. Louis, and the Fields-Wearen Co., of this city. The former opened up in Cairo only a few months ago, but as it succeeded one of the oldest concerns in the city, its success was great from the start. The Fields Wearen Co. has been here longer, though its business career here has been comparatively short. The active management of the new company will be practically the same as the old Fields-Wearen company.

BYSTANDER KILLED.

In a Pistol Duel at Louisville—A Bartender Badly Wounded.

Louisville, Sept. 1.—The complaint of Charles Patton, colored, that the beer was flat, caused a pistol duel between Patton and John Hennessey, a white bartender, at midnight. Charles Sheriff, a negro bystander, was killed and Hennessey was wounded.

TEN KILLED

In the Wreck of an English Express Train.

London, Sept. 1.—The Cromer Express on the Great Eastern, was wrecked at Chelmsford this morning.

The official report says that ten persons were killed. The train suddenly left the rails and dashed into the station and the wreckage caught fire. Several persons were cremated.

Admiral Dewey's Brother Dead.

Montpelier, Vt., Sept. 1.—Charles Dewey, the only brother of Admiral Geo. Dewey, died at his home here last night, aged seventy-nine.

NOT MUCH CHANGE AT NEW ORLEANS

41 New Cases and 6 New Foci Yesterday.

Six Deaths Shows a Decrease—It Is Believed the Scourge Is Getting Under Control.

MESSAGE FROM THE PRESIDENT

Report to 6 p. m. yesterday:

New cases, 41.

Total to date, 1,919.

Deaths, 6.

Total, 277.

New foci, 6.

Today's Fever Report.

New Orleans, Sept. 1.—At noon ten new cases, and one death from yellow fever had been reported. The dead man is a negro.

SITUATION AT NEW ORLEANS.

New Orleans, La., Sept. 1.—Evincing his deep sympathy with New Orleans, President Roosevelt yesterday sent a notable acknowledgement to Mayor Behrman of a telegram applauding the president's service to humanity in restoring peace in the far east.

Mayor Behrman's telegram was: "New Orleans hastens to give expression to her profound admiration of your wonderful accomplishment. It must prove a source of lasting pride to all true hearted Americans to feel and know the whole civilized world is paying homage to the great chieftain of our country, from whose master mind emanated an achievement in the cause of humanity which will rival any of the master strokes which ever have been or ever will be recorded in history."

The president replied: "No telegram has touched me as deeply as the telegram from you showing that in the midst of her great trial New Orleans is so keenly alive to all that effects the interest of the world and the honor of our own country. You have given full expression to the feelings of your brave and gallant people, for only those with lofty souls can in the midst of their own grief find time to think of others. I trust I need not say how deep and constant my anxiety is for the welfare of your city and state."

The new business year in New Orleans, opening today found the yellow fever situation so evidently under control that based on present conditions, business men and financiers are looking forward to exceptional activity in all lines of industry when the fever is finally stamped out and free intercourse resumed.

The report for yesterday again was favorable as to new cases and deaths.

Surgeon Von Exdorf returned from a trip to Leeville. Describing the conditions there, he said there are 475 people in the settlement, of whom 175 are now ill. Between 20 and 30 deaths have occurred there since the yellow fever appeared.

843,000 PAID

For Loss in the Recent Tobacco Warehouse Fire.

The insurance adjustors who are here settling the loss of the Farmer, Graham, and others who sustained losses in the warehouse fire last week, have settled all but a few hundred dollars of the entire loss.

It is said that the total figures in settlement will amount to \$43,000. The loss of the dealers on all full insurance was paid but some buyers had more insurance than tobacco on hand, and these losses were of course apportioned and not paid in full.

One matter with the Graham company is hanging fire but this only because the adjustors have to go over some books before adjusting the loss.

JURY DISAGREED.

And the Man Who Hung It Is Protected by Soldiers.

Russellville, Sept. 1.—The Fletcher jury was discharged at 11 a. m. today being unable to agree. Eleven were for the death penalty and one, Mr. Christian, for ten years and recommendation for a pardon. He is now in the protection of the military.

TIMEKEEPER QUIT.

Mr. Lawrence Hermann Accepts Position in Evansville.

Mr. Lawrence Hermann, who has been employed as timekeeper in the local I. C. master mechanic's office, has resigned and gone to Evansville, the change being effective today.

Mr. Frank Theobold, who has been timekeeper in the woodworking department, has been promoted to the position vacated by Mr. Hermann and assumed his new duties today. Mr. Gus Blichon is acting temporarily in Mr. Theobold's place.

Mr. Hermann succeeds in Evansville Mr. J. E. Manion resigned, from a clerical position in the general offices.

THE TEMPERATURE.

Yesterday the maximum temperature reached 94, but today it has not been so high, but has been very "close." The lowest last night was 70. Today the highest will be about 85 or 87.

MORRISON CAUGHT

FORMER STREET CAR CONDUCTOR ARRESTED AT MILAN, TENN.

Is Charged With Conspiring to Defraud the Street Car Company.

Detective T. J. Moore returned at noon from Milan, Tenn., with Edgar Morrison, a young man the local officers had been after for several months.

The young man is charged with conspiring to defraud the Paducah City Railway out of money.

He was employed on the street cars as motorman and conductor and while acting as the latter in some way got hold of an extra cash register. He would use this extra register, it is alleged, in collecting, ringing up each fare, but when he went to go off duty would take his regular company register and ring up the number of fares he wanted to give the company and pocket the rest. It is further alleged that the boy loaned the register to other conductors, who used it or attempted to use it in defrauding the company out of money.

The boy is being held and is attempting to give bond for his appearance before an examining court.

Detective Moore had no trouble with Morrison, and allowed him as much freedom as he desired. Morrison was in Memphis a short time after he left Paducah, but for nine weeks had been clerk in the hotel at Milan.

It is understood that Morrison has nothing to say about the charge against him except that "there were others in it."

JUDGE EVANS

SUMMONS THREE TO COME UP AND EXPLAIN.

May Fine Them for Working Mines in Livingston County.

ENCAMPMENT NOTES.

Some of the officers say they will be glad when the encampment is over as they are getting home sick.

Clerk J. R. Puryear, of the federal court of this district, this morning received an order of an unusual nature.

It is in the case of W. H. Mann against the Marion Zinc Co., and others, a suit to settle the ownership of mineral property in Livingston and Crittenden counties. During a recent sitting of court the judge sustained an injunction restraining anyone in the suit from digging or working the mineral property. Nothing was done with the property until several weeks ago when it is claimed W. H. Mann, W. L. Kennedy and C. S. Knight, parties in the suit, began digging.

This is in direct conflict with the instructions of the court, and the order received this morning summoned the three above mentioned persons to appear in Louisville before Judge Walter Evans on September 8, and show reason why they should not be punished for contempt of court in failing to carry out the provisions of the injunction.

The suit has been in federal court for sometime and has been one of great interest.

NINETY CASES

ON THE CRIMINAL DOCKET OF CIRCUIT COURT FOR THIS TERM.

TWO FOR MURDER—OTHER CASES HAVE TO BE INVESTIGATED BY THE GRAND JURY.

The criminal docket of the McCracken circuit court contains a total of 90 cases.

"A Thoroughbred Tramp," which appears at the Kentucky Labor day matinee and night, is claimed to be one of the best comedies on the road. The story of the play deals principally with the troubles and scrapes of the tramp, I. Rush Thompson, though through the comedy there is a strain of sadness, the history of a wrecked life, a fall from fine raiment to the rags and tatters that proclaim his to be nothing but a tramp, a turn from the association of refined people to that of the class who beat their way from place to place drifting with the season. The play is a new one and said to be thoroughly entertaining from start to finish.

Meyer Cohen, manager and Lon Vail, agent, for the Fiske Stock Co., are at the Palmer house. The show will probably be booked for the Kentucky.

The theatrical profession will be hard hit by the quarantine, as many southern tours will have to be abandoned. Many companies will not know for several weeks how much they will be affected by the quarantine.

NEW KENTUCKY BANKS.

The following Kentucky national banks have been authorized to begin business with a capital of \$25,000 each: The National Bank of London, London, D. C. Edwards, president; E. H. Hackney, vice-president; D. F. Brown, cashier. The Morgan County National Bank, of Cannel City, M. L. Conley, president; Joe C. Stamper, vice-president; Luke Powell, cashier.

SPIDER IN HER HAIR.

Anderson, Ind., Sept. 1.—When Mrs. Elmer Albright awoke from a long sleep at her home in this city she brushed a large black spider from her forehead. After killing the insect she went to a mirror to examine her forehead and discovered that the spider had woven a web in her hair. Otherwise than by fight after discovery of the intruder Mrs. Albright was not injured.

LATE BASEBALL NEWS

REMARKABLE BASEBALL RECORD.

A ball team of fifteen year old boys at Smithland, known as the Hendricks, has had a remarkable record broken. It has just lost its first game in four years. The Smithland Democrat says: "The Hampton baseball nine, known as the kid nine, and the Smithland kid nine crossed bats here yesterday. The game resulted in a great victory for the Hampton boys, the score being 28 to 7, in favor of Hampton. This is the first game lost to the Smithland kids in four years, and 122 games played. But they were up against the real thing when they tackled the Hampton kids."

BENTON AGAIN DEFEATED.

The L. A. L's. went down to Benton, Marshall county, yesterday afternoon and again defeated the Benton ball club. The latter is said to have had a battery from Paris, Tenn., and three players from Murray, but the L. A. L's. beat them 6 to 0. Block and Gourieux were on the firing line for the Paducah team. A three-bagger by Sands, of Paducah, with two men on bases, was one of the features of the game. Benton made only three hits.

COLORED TEAM BACK.

Ben Boyd and his team of colored champion ball players have returned from Chicago, where they played one game with the "Giants" there. They were defeated, but were not discouraged and had it been possible to get more games, the Paducah players are confident they would have made a good showing. Ben Boyd, the manager, says that those Chicago niggers have seen those big league games so often that they have gotten a little foxy. "They're on to them slick tricks," said Boyd today, "and outplayed us 'cause they out-schemed us. Why, them niggers know about everything. They burn the ball, slip in home on the catcher when he's thinking about the next strike. I'll declare to goodness, none of 'em Chicago niggers even stops at second base to take on water. If they ever get a start they just keep on going."

HICKMAN COMES FOR THREE GAMES.

The first baseball to be seen in Paducah since the Vincennes-Paducah post-season series, will be witnessed Saturday, Sunday and Monday at Wallace park, when the Paducah Kitty league team and the Hickman team, independent, meet.

On Monday a double-header, Labor Day, will be played, and it is likely that a large crowd will be out. At first games were arranged with Popular Bluff, Mo., but Hickman beat this team, and to make it more interesting the local management arranged a series with the Hickman team.

Eddie Brabie and Lo Dinguid, two Paducah boys, are with Hickman, and have been playing phenomenal baseball. They will prove an attraction to the game in addition to the ordinary sport.

THREW STONES AT HIM.

Serious Charge Against Negro Arrested in Illinois.

Cairo, Ill., Sept. 1.—Special Agent W. E. Briggs, of the Illinois Central railroad, arrested a negro named Charley Lightfoot, on a charge of throwing stones at the Illinois Central trains. The negro resides somewhere between Villa Ridge and Pulaski, and has been in the habit of throwing stones at the passing trains which break the windows and do other damage. On August 22, 1905, this negro placed 15 railroad spikes on the track in front of a train. Complaint was made of this affair and Mr. Briggs followed the negro and arrested him.

CHARLES ODUM ONCE LIVED IN PADUCAH

Man Burned to Death in Cincinnati Known Here.

He Once Went Up in a Balloon at Wallace Park and it Caught Fire.

HIS ESCAPE WAS MIRACULOUS

The death of Charles Odum, formerly of Cairo, who was burned in a fire that destroyed a concert hall in Cincinnati yesterday, recalls a thrilling escape he had in Paducah several years ago.

Odum was an aeronaut of experience and his escape from a burning balloon here is remembered by many.

Several years ago rival street railway companies at Paducah gave free shows and attractions in a bitter fight for the patronage of pleasure seekers.

Charles Odum took the part of musical director and did parachute drops on Sundays at Wallace park.

One afternoon when the park was crowded with people Odum gave the word too "turn loose" and his balloon started on its voyage. As it drifted over the "stove" which supplied the hot air the mouth of it came in contact with a flame. In an instant the bag was ablaze from top to bottom. Cries of warning from the crowd were taken for applause by Odum and through this mistake he was saved from a horrible death.

If he had known that the cries were those of warning he would have cut loose with his parachute before there was room between its start and the earth for its opening.

The balloon had risen about 200 feet before Odum discovered that his balloon was burning. He quickly pulled the line which sent him dropping from the balloon. The parachute fell like a rocket until within a few feet of the ground. When Odum's feet were almost ready to strike the canvas opened. Odum was thrown on his side amidst a crowd of women and children.

Willing hands lifted him away just in time to be missed by the balloon which had followed his descent by a few feet.

A dog was caught by the remnants of the balloon and burned to death. Odum was only slightly bruised.

After leaving Paducah Odum traveled with several theatrical companies. He has been at Cincinnati for several months playing at a concert hall.

Odum was burned to a crisp after

making a heroic effort to save his wife, May Odum, a well known concert singer. Fire which started from gasoline, destroyed the building used as the concert hall. Odum threw his wife from a second story window. A special from Cincinnati says that Mrs. Odum is expected to die at any time.

Odum, after pushing his wife from the window, fell exhausted. The firemen found his body charred beyond recognition.

Mrs. J. H. Greathouse, his mother, wife of J. H. Greathouse, who at one time conducted a grocery at Cairo, left last night for Cincinnati. She was accompanied by Mr. Mulhan, her son-in-law.

The body will be taken to Cairo for burial.

The dead boy's parents now live in Future City, on the Mound City road.

SMITHLAND NOTES.

Daily Thought.
"Wisdom is oft' times nearer when we stoop than when we soar."

A COMMERCIAL CONVENTION. It would perhaps be better if there were no such thing as a modern quarantine, but there must be something. A meeting is to be held at Chattanooga next month to which all cities are invited to send delegates, and to which many, including several Kentucky cities have decided to send delegates, and a great deal of good is expected to be accomplished. A number of questions important to the south, among them that of quarantine, will be discussed.

Questions pertaining to the growth and welfare of the south will be threshed out, and such recommendations as are conducive to its interests will be indorsed by the body as well as urging that they be enacted into laws. One of the chief topics for discussion will be that of immigration. It is now the general opinion of the business men of the south that certain restrictions should be put on immigration. The laws should be so modified, it is claimed, that a better class of citizens will find their way into this country instead of the riffraff and shiftless sort.

The present outbreak of yellow fever with its chain of quarantines has forced the subject on the people of the south, and it will be handled at the convention. What is desired is a uniformity in quarantine rules and regulations, so that it will not become a burden to people in the way of expenditure of money and the great loss of time at the numerous detention camps. It is claimed that the present system of quarantine, which is different in nearly every locality, is working untold hardships on the people and is detrimental to the growth and prosperity of the south.

If the position taken by the board of aldermen in the quarantine ordinance is correct, Paducah has no board of health, for four of the members were elected by acclamation, and all of them elected under an ordinance which prescribes that the members of such board shall be elected by "the common council." There is no such thing as the "common" council. The legislative department is composed of three boards, the board of aldermen, the board of councilmen, and when the two meet in joint session, the "general council." The board of aldermen held night before last, in passing on the quarantine ordinance, that to say the "council" should appoint inspectors was not sufficient, and that "general" had to be

inserted. If this is correct, then in the board of health ordinance "general" will have to be substituted for "common" before we can have a board of health. Of course this is hair splitting, but these kind of technicalities are what make the lawyers happy. The board of health may get the city into a damage suit at any time because of the irregularities in the election of its members. There are always people willing to take advantage of such defects, and always plenty of lawyers glad to assist them.

Col. Watterson is very gracious to President Roosevelt. In an editorial in the Courier-Journal he says in part: "The issue of the conference at Portsmouth adds greatly to the prestige of a president who already stood before his countrymen and the world in a kind of halo of distinction and favor. Whatever differences be ahead of us touching the administration of affairs and involving more or less of friction and acrimony, there are not in the minds of true Americans today two opinions, nor in their hearts any divided sentiment, about the fulfillment, which has crowned what seemed in the outset a hopeless undertaking. We take off our hat and tender him (Roosevelt), the great homage and unstinted admiration of pride exultant, taking no account of anything except the responsibility of his achievement and the glory it brings to us all."

There isn't much reason in the howl that from time to time goes up because of railroad wrecks and the number of people killed and injured. It is likely that railroad employees are as careful as people in such a hurry as are Americans, could possibly be, but when one stops to consider the thousands of times there are not accidents, injuries or death, the casualty record is not so bad. Some people like to compare river casualties with railroad casualties, but they do not, in so doing, state that about one thousand trains are run to every one steamboat, taking the country as a whole. The record of accidents on railroads is too large, but it should be remembered that the railroad traffic in this country is something enormous.

The Republicans, in putting city and county tickets in the field, invite all Democrats and men of other party affiliation, to meet with them and assist, and if they desire to make the races under the Log Cabin, to take their chances of nomination with the others. The nominees, however, whatever their politics, will run under the Republican emblem. A number of good citizens, including Democrats and Prohibitionists, have already signified their willingness to run under the Log Cabin, and the Republicans will be very glad to have them. Whoever are nominated by the Republicans, however, and whatever their politics, they will run under the Log Cabin.

The main trouble with Paducah now in regard to a quarantine is that she started out wrong when the yellow fever scare began. There is no reason Paducah should have been quarantined against, but she was, when a small expense and a little tact would have prevented the whole thing.

Metropolis, Ill., is improving. It is preparing to build a number of granite sidewalks, and has passed an anti-spitting ordinance. So much for living near a big city like Paducah!

UGLY CASE AGAINST FORMER PADUCAHAN

Albert Walter Charged With Murdering Joseph Garr.

The Prisoner Lived in Paducah Formerly, and Married a Paducah Girl Three Years Ago.

HE SAYS HE IS INNOCENT

The Louisville police believe they have a good case against Albert Walter, a former Paducah, arrested there for killing Joseph Garr, whose body was found in the river, with evidences of foul play and robbery. Walter was arrested on suspicion sometime ago, but released.

After a warrant had been issued against him yesterday, he was again arrested. The Louisville Times tells the remainder as follows:

When seen by a reporter for The Times Walter made the following statement:

"I am innocent of the charge. One morning, at 2 o'clock, about a month ago, a man came to Riverview Park and attempted to gain entrance. He was under the influence of liquor and became rough when I tried to force him away.

"I grabbed him and led him to Greenwood avenue. As I released him he turned and reached his right hand to his pocket as if to draw a revolver. Thinking my life was in danger, I struck him on the head with a blackjack, felling him. I was upon him before he could move. Finding he was unarmed I allowed him to arise. As he regained his feet I kicked him and ordered him away. He walked up Greenwood avenue muttering, 'I am going, I am going.' I watched him until he was at least a square away and then returned to the park."

According to his own story, Walter was born and reared at Lexington, Ky. His father, who is a florist, lives in Lexington. Walter came to Louisville from Paducah, he says, on Easter Sunday, 1904. For awhile he was employed as a packer by the Rhodes-Burford Furniture company. Later he worked in a restaurant conducted by Thomas Key, at 218 West Jefferson street. He began working for Col. Lum Simons last March and has been a nightwatchman there since April.

Three years ago Walter was married to Miss Julia E. Scott at Paducah. They have no children. He has three sisters, Mrs. J. P. Moberly, of Chicago; Mrs. Louise Templeman and Miss Maggie Walter, of Lexington, and a brother, Eugene Walter, a butcher, living in Chicago.

Detectives Thomas Maher and John Sexton, the officers who have been working on the case, said:

"The investigation is at an end. The mystery is solved. There is no longer the slightest doubt that Joseph Garr was murdered and his body was thrown in the river to conceal the crime. We are sure we have the right man under suspicion. There is not a chance for him to evade arrest."

Joseph Garr left the home of his brother, Benjamin Garr, a farmer at Fortieth street and Greenwood avenue, with whom he lived, on the evening of July 29, saying that he would spend the night with a cousin at 25th and Rowan streets.

On August 1 Garr's body was found on Hughes' sand bar, in the Ohio river, five miles below Riverview Park. The body was not identified and at the instance of Coroner Kelly was buried in the potter's field on the Seventh street road. August 14 the body was exhumed and identified. Garr's brothers at once suspected that murder had been committed.

Joseph Garr was 37 years old and unmarried.

Sometime ago he sold his farm and went to the home of one of his brothers and had been living with his brother. He is survived by his mother, Mrs. Mary Garr, of 40th and Chestnut streets; three brothers, Oscar Garr, a coal dealer, who lives at 2630 Woodland avenue; Monroe Garr, of Shelby county, and Benjamin Garr of 40th and Greenwood avenue; a sister, Mrs. Alice Coleman, of Providence, Ky.

Walter was this morning presented in police court and his case was continued until Tuesday.

GOING BACK, HE SAID.
Get Yellow Fever, and Then Give It to All Fulton.

Officer Aaron Hurley returned last night from Tennessee, after his vacation, and reports a very amusing experience at Fulton while waiting for his train.

"Some stranger from Mississippi was on the train and it seems wanted to change cars," said the officer. He knew where he wanted to go, but was not so sure that he would go. You see the inspectors got hold of him. They pulled that fellow off the train and stood him out on the platform as if he were some curiosity. After they had passed on him several times and fired a volley of questions at him, they permitted him to take his train.

"He started to step aboard the train, but catching himself a minute hurried back at the crowd of bystanders. 'You know what I am going to do to you guys? Well, I am going back to Mississippi, get yellow fever, and come back and give it to the whole d— town,' and with that he scrambled aboard the train.

Hopkinsville Tobacco Market.

The local tobacco market during the week just past was almost lifeless, the receipts showing a heavy falling off while sales were small. Nearly all of the tobacco offered was of low to medium grades. The inspectors' weekly report is as follows: Receipts for the week, 45 hds.; receipts for the year, 9,435 hds.; sales for the week, 74 hds.; sales for the year, 6,198 hds.

Only about 5,000 pounds of tobacco

were offered on the loose floor

and this was sold in one day's sale

instead of two days as has been the case heretofore.

Detectives Thomas Maher and John Sexton, the officers who have been working on the case, said:

"The investigation is at an end. The mystery is solved. There is no longer the slightest doubt that Joseph Garr was murdered and his body was thrown in the river to conceal the crime. We are sure we have the right man under suspicion. There is not a chance for him to evade arrest."

The farmers association report that they have made no sales during the past week.—New Era.

People and Pleasant Events

Marriage at Dyersburg, Tenn., Last Night.

Mr. Frank Williamson and Miss Nell Jones surprised their many friends last night at Dyersburg by their marriage. The ceremony was performed by Rev. A. J. Meadows, of the Methodist church there, at the residence of the bride and only a few friends were present. Mr. J. P. Newell, of this city, and Miss Tillie Parr, of Dyersburg, were the attendants. Mr. Williamson is with the D. J. Leighman Gentlemen's Furnishing house and Mrs. Williamson was one of Dyersburg's most popular ladies.

The wedding came as a great surprise as only a few intimate friends were informed. The couple will make their future home in Dyersburg.

A Pleasant Reception.

Col. Journeet Henry, of the Third regiment, was entertained with a reception and smoker at Castle Hall by Paducah Knights of Pythias last night, and the occasion was one long to be remembered for its pleasant features. There was plenty to eat and smoke, and good feeling and fellowship prevailed throughout. Col. Henry and a dozen or more other officers of the Third regiment who accompanied him made addresses, and a number of local Pythians also made talks. Prof. C. B. Hatfield presided over the gathering, and was assisted by local members. Col. Henry is past grand chancellor of Kentucky.

Christian Endeavor Social.

The Christian Endeavor Society, of the C. P. church, held their regular business meeting Monday night at the residence of Mrs. John Morgan at Tenth and Harrison streets. After the regular routine of business a pleasant social was held. Those present were: Mr. and Mrs. John Morgan, Mrs. John Slaughter, Misses Nona Stokes, Eura Coles, of Mayfield; Katie Casper, Pearl Campbell, Miss Craig; Messrs. Cecil Gilliam, Lacy Threlkeld, Will Watson, Pearson Lockwood, C. C. Needham, Jas. Vance. Delightful refreshments were served at 11 o'clock.

Honor of Visitor.

Bread Legal and Illegal

The Royal Baking Powder is a pure, grape cream of tartar powder. Its greater healthfulness and absolute superiority over other powders are shown by the United States Government official tests, and are so universally recognized that its use is approved and encouraged by health officers at home and abroad.

Guard your food against the alum baking powders.

Alum baking powders are considered so injurious to health, and their promiscuous sale a source of such danger, that their use is universally condemned by physicians and health officers. In many States the law requires that they shall be branded to warn consumers that they contain alum.

In the District of Columbia, under the laws of Congress, the use of alum in bread, biscuit, cake and other food is a misdemeanor.

Alum baking powders may be known by their price. Powders sold from ten to twenty-five cents a pound, or twenty-five ounces for twenty-five cents, are not made of cream of tartar.

PADUCAH CONTRACTORS.

Begin Work on Hopkinsville Sewerage System.

The actual work of digging the trenches for the mains of the Hopkinsville sewer system was begun this morning, the first pick being stuck in the ground on West Ninth street near the Illinois Central depot about 9 o'clock, says yesterday's Hopkinsville New Era.

Contractors C. L. Robertson and George A. Gardner, of Paducah, ar-

rived here yesterday. Their car of digging implements has been delayed somewhere and had not arrived this morning when work was begun, but the contractors bought a big lot of shovels and picks and started a small force of men to digging anything. If the car had arrived a force of at least one hundred men would have begun operations this morning, and this number will be employed just as soon as the implements are received. This force will be divided into several gangs who will work in different sections of the city.

The trenches for the pipe will be dug to a depth ranging from two to eight feet, the average being about four feet three inches.

Change in I. C. Freight Agents.

J. P. Van Meter, who has been Illinois Central local freight agent at Henderson for the past year has resigned his position and will leave for Blue Ridge, Ga., where he has accepted a much better place with the L & N. He will take charge September 4. He will be succeeded by W. E. Caldwell, of Evansville.

Riverside Hospital.

The monthly report of Miss Farley, superintendent of the Riverside hospital, shows that at the beginning of the month, there were five patients in the hospital, that 27 were admitted during the month, and that there are 11 now in the institution.

One death and one birth occurred during the month.

The hospital board is looking for a surgical nurse as the hospital needs one a great deal.

Traffic Falls Off Some.

Reports from the passenger traffic department of the I. C., Tennessee and Louisville division, show a falling off in general in this class of traffic.

During the fore part of the month the traffic was increased by reason of the yellow fever scare in the south, most of the travel going north, but during the latter part of August the traffic fell off.

The freight department also reports a slight falling off in traffic, but not so marked as in the passenger department. The fruit trade in the south is the principal item in this matter, the health authorities not permitting much fruit to be shipped out.

The I. C. Hospital Report.

The railroad hospital reports a quiet month. At the first of August a total of 32 patients were listed. During the month a total of 98 patients were enrolled and at the close the books showed but 35 listed. There was one death.

Good Month For Library.

The Carnegie library reports a very busy month. The patronage has been on the steady increase and the demand for books of every class has become so great that the board is preparing to order another large consignment of books. The directors are greatly encouraged over the condition of the library, its success, etc.

Fire Chief Wood's Report.

Fire Chief Jas. J. Wood had a total of 16 ruds, one a false alarm, during the month of August.
